

Dear Parents/Guardians,

Approximately one hour ago I was notified of an Instagram post encouraging violence at Freehold Intermediate School tomorrow, Monday, December 20, 2021. This social media account appears to have limited distribution. We have evaluated the threat along with the Freehold Borough Police Department and it appears to lack any type of credibility. Nonetheless, Chief Dispenza will be dedicating police resources to the school campus for the entire day tomorrow and you will see an increased security presence. The police have already assigned a team of detectives to track down those responsible for this activity. Schools will operate as normal for tomorrow. Given the late timing of this notification a robo-call will be going out this evening as well informing you of the above.

Joe Howe
