All Kids One Field is running a free indoor soccer program in the Park Avenue School gyms. Information is in English [here](#) and Spanish [here](#)

Freehold Revolution Flag Football is registering Boys and Girls Grades K-8 for their Spring program. Information is [here](#)

News

Regarding COVID there were 3 unrelated positive cases identified in the schools this past week. Those cases resulted in 34 close contact student quarantines. Including these students there are 56 students in quarantine overall. There have been no known cases of in school transmission. Even though this number seems large the case counts and quarantines in Freehold Borough remain much lower than the surrounding region. We remain vigilant and comply with the Department of Health and Education quarantine protocols. Students in quarantine continue to receive virtual instruction. Those students who are considered close contacts but fully vaccinated are not currently required to quarantine if they are asymptomatic. As new information and protocols come out from the state we will implement them accordingly.

Regards,

Joe Howe

Joseph Howe, Ed.D.
Superintendent
