

Dear Parents/Guardians,

### Flyers

Registration for the spring season of Freehold Boro Little League is now underway. Players ages 3-16 can find information and register online at [www.freeholdborolittleleague.com](http://www.freeholdborolittleleague.com)

COVID Vaccine opportunities continue to be available locally from CentraState Medical Center ([link](#)) and the VNA ([link](#))

### News

Overall going into next week the number of COVID cases and corresponding quarantines has started to subside from our highs two weeks ago. Hopefully this downward trend will continue. All COVID protocols currently remain in place. I want to keep reiterating my gratitude for the entire school community in continuing to persevere during this challenging time. The current models predict that this latest wave of COVID cases will continue to decrease over the coming weeks and we remain in contact with the health department and CentraState Medical Center.

Regards,

Joe Howe
