

Dear Parents/Guardians,

Flyers:

Information from the Mental Health Association of Monmouth County on food resources [here](#).
On COVID support [here](#).

Contacts:

Social/Emotional Hotline: 732-810-3146.

District technology issues: techstaff@freeholdboro.k12.nj.us

Restart and Reentry for 2020-2021:

Five special education classes at Freehold Learning Center will start in-school hybrid instruction on Monday, November 16th. These are the homerooms of Spracklen, Barone, Smith, Pena and Andia. All other grades and homerooms at FLC will start in-school hybrid instruction on Monday, December 14th.

Park Ave Elementary and Freehold Intermediate School will start in-school hybrid instruction on Monday, December 14th.

The A Day/B Day schedule is on the district website for ready reference. The pattern over a two week period will be:

<u>Week</u>	<u>M</u>	<u>T</u>	<u>W</u>	<u>R</u>	<u>F</u>
1	A	A	B	A	B
2	B	A	B	A	B

In preparation for the transition to in-school hybrid instruction, schools will be sending home revised student schedules confirming each student's A Day or B Day, along with revised times to log into virtual related arts courses (e.g. Gym, Health, Technology, Art, Music, Spanish), and the remote day online check in. Students attending in-school hybrid and those attending 100% virtual will have the same type of schedule. The only difference will be when in-school hybrid students are physically in class, virtual students will be connected synchronously online.

Parents/guardians of in-school hybrid students will be receiving a health compact and health questionnaire materials to ensure we are working together to identify all students who should be kept home from school because they are ill, or need to stay isolated, or need to be in quarantine..

All students and staff will be screened through thermal imagers for fever upon arrival at school on a daily basis.

If a student or staff member is confirmed COVID positive, that person will have to be in isolation. We will work with the Health Department to determine who, if any, in the school was a close contact and initiate quarantine for those individuals. A close contact is currently defined as within 6ft for more than 15 minutes, cumulative over a 24 hour period.

Those who become COVID positive or are required to quarantine have the right to medical privacy. We will take all required actions to assist the Health Department with contact tracing, but you should not expect detailed private information when we alert the school community about a COVID situation.

Once we successfully transition to in-school hybrid instruction, we will continue to plan and survey to determine the next steps to get more in-school instructional time. Similarly, we will need to remain capable of reverting to total remote learning (like now), should the Governor or local Health Officials mandate it. As always we will keep you fully informed to allow for effective input and planning.

Upcoming Events:

Tue, Nov 3: Election Day

Wed, Nov 4: Food distribution rear of PAC, 8am-12pm

Wed, Nov 4: Final day to make hybrid or virtual choices through end of MP2

--

Thu, Nov 5: Schools Closed (NJEA Convention)

--

Fri, Nov 6: Schools Closed (NJEA Convention)
