

Dear Parents/Guardians,

Flyers

Multiple Freehold Boro health organizations are teaming up to offer COVID vaccines tonight 9/8 and next Wednesday 9/15 from 7-830 pm. Details [here](#)

Freehold Borough will be offering free COVID vaccines and testing this Saturday, September 11 from Noon to 3 pm at the firehouse. Details [here](#)

News

Tomorrow is the first day of the 21-22 School Year (FIS 8:00; PAE 8:35; FLC 9:05). Our faculty and staff have been working hard to get ready for the year ahead and are very excited to see all of the students in person. Based on the Governor's executive order ([link](#)) masks will be worn indoors unless engaged in one of the activities meeting the exceptions such as while eating or drinking.

Meals

Breakfast, Lunch, and after school snack (for those in after school programs), will be provided free of charge this year to all students. A la carte items will be available for purchase as they were previously. It is important that all families who may be eligible fill out the free and reduced lunch application that was sent home and return it to your school. A lunch application must be updated annually in order to receive other state assistance that may be offered such as the P-EBT program.

Technology

All students in Grades 3-8 who currently have a school issued Chromebook at home should bring it fully charged or with the charger, those who don't have a Chromebook will be issued one tomorrow.

I'll end off by saying despite the challenges of the past 18 months and those surely to come this year, there is a lot of enthusiasm going into the new school year. Our children feed off of this positive energy and in turn it will make them excited about school even at a time when things are still not business as usual. We look forward to seeing all of our students tomorrow.

Regards,

Joe Howe
Joseph Howe, Ed.D.
